### TECHNOLOGIES OF EVOLUTION

#### **Stress associated with prohibitions:**

The prohibitions that society imposes form a separate section of stresses, complexes, tensions, which occur quite often.

#### **For example, as complexes there are the following unrealized desires:**

- Negativity to prostitutes -
- Desire to go to prostitutes
- The desire of a family man to go "left" (sex outside marriage, adultery) - 0 units
- Complex of attraction to commoners, from lower social strata -
- In adolescence, to have a relationship with a senior sexual partner -
- Excessive interest in young people, due to the prohibition at an older age to have contact with young partners -
- Desire for sex with multiple sexual partners at the same time -
- Manifestation of sexuality, defiant dressing for rehash to society -
- Absence of desire to show your sexuality -
- Show your sexuality -

#### **Experiences, internal stresses associated with the condemnation of sexual manifestations by society:**

- Experiences associated with masturbation -
- Homosexual experiences -
- Experiences on social relationships related to sexual behavior -
  - o People around learn about the features, details of sex life and behavior –

There are a number of complexes that stimulate homosexual contact: negative attitudes towards the genitals, negative attitudes towards men and women, etc.

And also, too much attraction to men and women at the level of complexes from past lives can stimulate contact. As well as the inclusion in the egregor of homosexuality.

Bisexuality, homosexuality appear somewhere in 10% of people.

But this percentage is influenced by the characteristics of the country's egregor.

### TECHNOLOGIES OF EVOLUTION

## Strengthening of hormones for women

### Yin-Dedication

It makes men want to grab such a woman in the ass and drag them into the bushes, causing a rise in sexual energy. If the man is weak - can cause a decline in strength and drowsiness.

About such a woman men say - "Sexy!"

With this Dedication, you need to be careful, as an increase in the signal causes de-energization of the men and people in general. A woman with excessive Yin is called a "femme fatale." A femme fatale can destroy a man, eat his business, sucking energy out of him. Yin requires precise, high-quality adjustment so that sexuality is strong, and the ability to drain energy is minimal.
